

Return to Learn 3- Year Use of ESSER Funds Plan Danville District #118

DISTRICT MISSION:

To ensure that all District 118 students reach their full potential.

DISTRICT VISION:

We envision Danville Community Consolidated School District No. 118 as an open, safe and caring school district for students, employees, parents, and community members.

Additionally, we envision a diverse school district, free of bias, prejudice and fear, where all students and teachers utilize their skills to achieve the highest standards of excellence. We see a school district that is actively supported by parents, non-parents and the business community.

We envision the academic achievement of our students, regardless of race, ethnicity, gender or social-economic status, as the highest in the state. We perceive our graduates as being highly successful in higher education, in the workforce and in social and civic endeavors.

We envision our employees as willingly participating in the decision-making process of the school district, and the Board of Education and administration encouraging and supporting that involvement.

We envision high community satisfaction, as reflected in intensive voluntary involvement of parents, non-parents, the business community and the community-at-large in all aspects of the teaching and learning process. We perceive our district celebrating the diversity of opinions as a positive influence on the future success of our schools. \$

DISTRICT IMPROVEMENT GOALS:

SMART GOAL 1: Danville District #118 will facilitate a district and school continuous improvement process to engage staff and students in high quality learning and instruction.

SMART GOAL 2: Danville District #118 will increase the number of students in attendance.

SMART GOAL 3: Danville District #118 will promote a student-centered system of management and operations.

POST PANDEMIC PRIORITIES:

- *Maximize in person learning for ALL students – continue to combat learning loss with a variety of programming.*
- *Continue to ensure physical and social emotional health and safety of all students and staff.*
