MONTHLY RECAP

Principal Notes

We've had a busy and exciting month of August at Northeast! Progress reports went home, giving families a chance to celebrate growth and see areas where students can keep working hard. Looking ahead, we have several upcoming events you will not want to miss including Basket Bingo! We hope to see you there!

MONTHLY RECAP

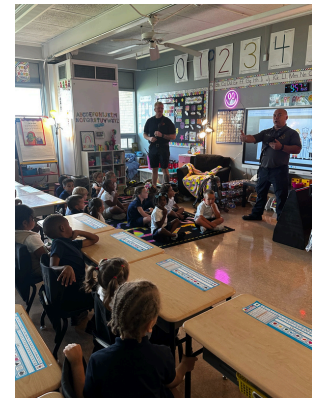

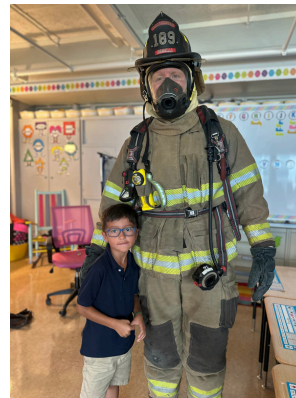

Art Night

Thank you to everyone that came to our Art Night, hosted by the PTA! Each student was able to paint their own version of Bruni from Frozen 2.

Community Helpers

Mrs. Poulson invited several community helpers into her classroom this month! She invited a firefighter, veterinarian, doctor, dentist, police officer, sanitary workers, executive director and a comfort dog. She also invited in our very own Associate Superintendent, Mrs. Parker, and Mayor of Danville, Mr. Williams among many more! Thanks to everyone that came and talked to the kindergarten classes about their careers!

MONTHLY RECAP

PBIS Spray Day

Every year we host an event called PBIS Spray Day, where our students are hosed down by the Danville Fire Department here in town as part of an all-school celebration for outstanding behavior!

MONTHLY RECAP

Breakfast with the Superintendent

Our food service staff headlined by Ms. Tammy Coon, Kitchen Manager, worked very hard to provide a special breakfast for our students! Thank you to Mr. Hart, Superintendent, and Ms. Zetta Piggott, Director of Food Services, for stopping by and making it possible!

UPCOMING EVENTS

Basket Bingo

Basket Bingo will be held at Danville High School in the field house on September 12, 2025 from 6–8 pm.

SPORTS

Basketball

The 2025–2026 girls basketball season is off to a great start with 30 girls in total for 5th and 6th grade. Our first game is Wednesday Sept. 3rd at Hoopston. We are playing a total of seven games this season. Most of the girls are returning players from the year before and are doing a great job on the court. I'm excited to watch them grow on the court this season. – Mrs. Larsen

Volleyball

The 4th–6th grade volleyball practices have been going really well. The players are showing great energy and enthusiasm, and each day they are making noticeable progress with their skills. They're working hard on fundamentals like passing, serving, and communication, while also learning how to work together as a team. It's been exciting to see their confidence grow and their love for the game continue to shine through. The girls are really looking forward to cheering on the Danville High School volleyball players on September 15th. Don't forget it's Minion night! – Ms. Alyea
