Arrival & Dismissal Procedures

Students are to remain in the school building once they arrive at school until they are dismissed from school at the closing of the day. Students may arrive at 7:25 a.m. for school breakfast. Car Riders will be dropped off in the back of the school and enter the school through the car rider's door. Bus riders and walkers will enter through door number 7 and go to breakfast or the gym (unless arriving after 7:50 a.m.). Students are not to leave the cafeteria without permission from the supervising adult. Students need to clean up their areas before leaving the cafeteria. As students wait to enter the building, the playground is off-limits due to safety and supervisory reasons. Students who arrive after 7:50 a.m. will need to enter through the main doors and go straight to the attendance office to receive a tardy slip to be admitted to class.

Regular dismissal is 2:15 p.m. in the afternoon. Students who need to change their mode of transportation for the day must have a written note from their parent/guardian or a parent/guardian needs to call the main office at 444-3200 or 3208 prior to 1:30 p.m. If a note does not accompany the child or a phone call has not been placed to the office prior to 1:30 p.m., the student will be sent home in the usual way. All change of transportation requests must be made at least 30 minutes before dismissal procedures begin.

Attendance

Illinois law requires that whoever has custody or control of any child between six (6) (by September 1st) and seventeen (17) years of age (unless the child has already graduated from high school) shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session. Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

Subject to specific requirements in State law, the following children are not required to attend public school: (1) any child attending a private school (including a home school) or parochial school, (2) any child who is physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), (3) any child lawfully and necessarily employed, (4) any child over 12 and under 14 years of age while in confirmation classes, (5) any child absent because of religious reasons, including to observe a religious holiday, for religious instruction, or because his or her religion forbids secular activity on a particular day(s) or time of day, and (6) any child 16 years of age or older who is employed and is enrolled in a graduation incentives program.

Make-Up Work

If a student's absence is excused or if a student is suspended from school, he/she will be permitted to make up all missed work, including homework and tests, for equivalent academic credit. Students who are unexcused from school will not be allowed to make up missed work.

Release Time for Religious Instruction/Observance

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must complete the Vacation/Leave Request Form and give written notice to the building principal at least 10 calendar days before the student's anticipated absence(s).

Students excused for religious reasons will be given an opportunity to make up any examination, study, or work requirement.

Student Absences

There are two types of absences: excused and unexcused. Excused absences include: illness (including mental or behavioral health of the student), observance of a religious holiday or event, death in the immediate family, family emergency, situations beyond the control of the student, circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety, attending a military honors funeral to sound TAPS, or other reason as approved by the building principal.

Additionally, a student will be excused for up to 5 days in cases where the student's parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The Board of Education, in its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student's parent/guardian are responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school.

Students who are excused from school will be given a reasonable timeframe to make up missed homework and classwork assigned.

All other absences are considered unexcused. Pre-arranged excused absences must be approved by the building principal.

The school may require documentation explaining the reason for the student's absence.

In the event of any absence, the student's parent/guardian is required to call the school at (217) 444-3279 before 7:45 a.m. to explain the reason for the absence. If a call has not been made to the school by 9:30 a.m. on the day of a student's absence, a school official will call the home to inquire why the student is not at school. If the parent/guardian cannot be contacted, the student will be required to submit a signed note from the parent/guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent/guardian, the reason for an absence will be kept confidential.

Tardy to School

Students who are tardy to school must receive a late slip from the office before being admitted to class. There are no distinctions made between unexcused and excused tardies to school. Students are allowed two tardies, for any reason, per semester, before time after school is assigned.

Tardies per Semester:

First Offense = Parent notified, and signature required

Second Offense= Warning before detention

Third Offense = 15-minute detention

Fourth Offense = Up to 30-minute detention

Subsequent Offense = May lead to further disciplinary action based on the Ownership in Education.

Tardies due to doctor and dentist appointments should be verified by a note from the doctor or dentist. Further violations will be referred to the Truancy Officer.

Transfer to another School

If a student is a victim of a violent crime that occurred on school grounds during regular school hours or during a school-sponsored event, the parent/guardian may request a transfer to another public school within the district.

Truancy

State law requires every school district to collect and review its chronic absence data and determine what systems of support and resources are needed to engage chronically absent students and their families to encourage the habit of daily

attendance and promote success. This review must include an analysis of chronic absence data from each attendance center.

Furthermore, State law provides that school districts are encouraged to provide a system of support to students who are at risk of reaching or exceeding chronic absence levels with strategies and are also encouraged to make resources available to families such as those available through the State Board of Education's Family Engagement Framework to support and engage students and their families to encourage heightened school engagement and improved daily school attendance.

"Chronic absence" means absences that total 10% or more of school days of the most recent academic school year, including absences with and without valid cause, and out-of-school suspensions.

The School and District use the following diagnostic procedures for identifying the causes of unexcused student absences: Interviews with the student, his or her parent/guardian and any school officials who may have information about the reasons for the student's attendance problems.³

Supportive services to truant or chronically truant students include: parent conferences, student counseling, family counseling, and information about existing community services.⁴

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district.

Students who miss more than 1% but less than 5% of the prior 180 regular school days without valid cause (a recognized excuse) are truant. Students who miss 5% or more of the prior 180 regular school days are considered chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State's Attorney
- Appropriate school discipline

A student who misses 15 consecutive days of school without valid cause and who cannot be located or, after exhausting all available support services, cannot be compelled to return to school is subject to expulsion from school.

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law and may be convicted of a Class C misdemeanor, which carries a maximum penalty of thirty days in jail and/or a fine of up to \$1500.00.

Withdrawal from School

The office should be notified of any student's withdrawal from school regardless of the reason or length of absence. A parent must sign a record-release form in order to transfer student records from this school district to another school district. Records may be withheld until all obligations to the school have been met, return of all school owned property has been verified, and all fines are paid.

Learning and Assessment

Grading & Promotion

School report cards are issued to students on a quarterly basis. Report cards are distributed at the close of each nine weeks of school. Parents must pick up the report card for the first and third quarter at a parent-teacher conference. Report cards for the second and fourth quarters will be sent home with the student. For questions regarding grades, please contact your child's teacher. Parents always have online access to their child's grades via www.teacherease.com. Academic Achievement levels in grades K-4, based on Illinois Learning Standards are as follows: 4 (Exceeds Standard), 3 (Meets Standard), 2 (Approaching Standard), and 1 (Below Standard).

The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance, performance on standardized tests and other testing. A student will not be promoted based upon age or any other social reason not related to academic performance.

Homework

Homework is used as a way for students to practice what they have learned in the classroom. The time requirements and the frequency of homework will vary depending on a student's teacher, ability, and grade level.

Standardized Testing

Students and parents/guardians should be aware that students in grades 1st and 4th will take CogAT testing. All students in grades 3rd and 4th will participate in IAR testing. Parents/Guardians are encouraged to cooperate in preparing students for the standardized testing, because the quality of the education the school can provide is partially dependent upon the school's ability to continue to prove its success on the state's standardized tests. Parents can assure their students achieve their best performance by doing the following:

1. Encourage students to work hard and study throughout the year.
2. Ensure students get a good night's sleep the night before exams.
3. Ensure students eat well the morning of the exam, particularly ensuring they eat sufficient protein.
4. Remind and emphasize for students the importance of good performance on standardized tests.
5. Ensure students are on time and prepared for tests, with appropriate materials.
6. Teach students the importance of honesty and ethics during the performance of these and other tests.
7. Encourage students to relax on testing day.

General Building Conduct

Ownership in Education Handbook: Rules, Rights and Responsibilities

A joint committee consisting of parents, staff and community members has created the rules within this manual. Each parent/guardian is asked to review this manual with their child(ren) and return the sign-off sheet in the back of the manual stating they have discussed this manual with each child. The form is to be returned to the classroom teacher.

Grievance Procedure

When you have concerns, questions and/or complaints:

Please follow this Chain of Command so that differences may be resolved quickly and fairly:

1. Please call the appropriate staff member who was directly involved to make an appointment to discuss your concern. This may be the classroom teacher or another staff member.
2. If there are still concerns, contact the principal.
3. If the concern is still not resolved, contact the associate superintendent to discuss the problem.
4. Finally, if there is still no resolution, contact the school board.

Preventing Bullying, Intimidation, and Harassment

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important school goals.

Bullying on the basis of actual or perceived race, color, national origin, immigration status, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property.
2. Causing a substantially detrimental effect on the student's or students' physical or mental health.
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Cyberbullying means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. Cyberbullying includes the

creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying. Cyberbullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the district complaint manager or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

A reprisal or retaliation against any person who reports an act of bullying is prohibited. A student's act of reprisal or retaliation will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

A student will not be punished for reporting bullying or supplying information, even if the school's investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

Student Fees

The school establishes fees and charges to fund certain school activities. Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parents or guardians to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver applies to all fees related to school, instruction, and extracurricular activities. A fee waiver available for school fees and loss of property.

The school will provide written notice of the school district's school fee policy in English or the home language of the parents/guardians, if needed, to ensure the parents'/guardians' understanding of the policy. The notice must be provided to parents/guardians of all students enrolling in the school district for the first time.

Notifications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee. A student is eligible for a fee waiver if at least one of the following prerequisites is met:

1. The student currently lives in a household that meets the free lunch or breakfast eligibility guidelines established by the federal government pursuant to the National School Lunch Act; or

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Unemployment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

The building principal will notify the parent/guardian promptly as to whether the fee waiver request has been granted or denied. Questions regarding the fee waiver application process or an appeal of the district's decision to deny a fee waiver should be addressed to the building principal.

Pursuant to the Hunger-Free Students' Bill of Rights Act, the school is required to provide a federally reimbursable meal or snack to a student who requests one, regardless of whether the student has the ability to pay for the meal or snack or owes money for earlier meals or snacks. Students may not be provided with an alternative meal or snack and the school is prohibited from publicly identifying or stigmatizing a student who cannot pay for or owes money for a meal or snack.³

Cafeteria

There are specific procedures followed during the lunch hour. We also expect student behavior in the cafeteria to be based on courtesy and cleanliness. Students are expected to abide by the rules and procedures listed. Failure to comply may result in discipline at the discretion of the administration as stated in the **OWNERSHIP IN EDUCATION HANDBOOK**.

Material Fees

The Board of Education, prior to the opening of school, sets the material fees.

Immunization, Health, Eye and Dental Examinations

Communicable Diseases

The school will observe recommendations of the Illinois Department of Public Health regarding communicable diseases.

1. Parents are required to notify the school nurse if they suspect their child has a communicable disease.
2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent or guardian.
3. The school will provide written instructions to the parent/guardian regarding appropriate treatment for the communicable diseases.
4. A student excluded because of a communicable disease will be permitted to return to school only when the parent/guardian brings a letter from the student's doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.

Dental Examination

All children entering kindergarten, second, sixth, and ninth grades, must present proof of having been examined by a licensed dentist before May 15 of the current school year (the exam must be within 18 months prior to May 15th). Failure to present proof allows the school to hold the child's report card until the student presents: (1) a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15.

Case by Case Exemptions

A student will be exempted from the above requirements for:

1. Medical grounds if the student's parent/guardian presents to the building principal a signed statement explaining the objection.
2. Religious grounds if the student's parent/guardian presents to the building principal a completed Certificate of Religious Exemption.
3. Health examination or immunization requirements on medical grounds if a physician provides written verification.
4. Eye examination requirement if the student's parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
5. Dental examination requirement if the student's parent/guardian shows an undue burden or a lack of access to a dentist.

Eye Examination

All students entering kindergarten or the school for the first time must present proof before October 15 of the current school year of an eye examination performed within one year prior to entry of Kindergarten or the school. Failure to present proof by October 15, allows the school to hold the student's report card until the student presents: (1) a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

Prior to conducting any vision screenings, the district will provide written notice to parents/guardians that specifically states: "Vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. Your child is not required to undergo screening if an optometrist or ophthalmologist had completed and signed a report form indicating that an examination had been administered within the previous 12 months.

Head Lice

1. Parents are required to notify the school nurse if they suspect their child has head lice.
2. Infested students will be sent home following notification of the parent or guardian.

3. The school will provide instructions to parents or guardians regarding appropriate treatment for the infestation.
4. A student excluded because of head lice will be permitted to return to school only when the parent or guardian brings the student to school to be checked by the school nurse and the child is determined to be free of the head lice and eggs (nits). Infested children are prohibited from riding the bus to school to be checked for head lice.

Health & Wellness

The Board of Education is committed to providing a learning environment that supports and promotes wellness, good nutrition, and an active lifestyle and recognizes the positive relationship between good nutrition, physical activity and the capacity of students to develop and learn. The entire school environment shall be aligned with healthy school goals to positively influence students' beliefs and habits and promote health and wellness, good nutrition and regular physical activity. In addition, school staff shall be encouraged to model healthy eating and physical activity as a valuable part of daily life.

Guidance & Counseling

The school provides a guidance and counseling program for students. The school's social worker is available to those students who require additional assistance.

Required Health Examinations and Immunizations

All students are required to present appropriate proof that the student received a health examination and immunizations against and screenings for preventable communicable diseases within one year prior to:

1. Entering kindergarten or first grade.
2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school for the first time, regardless of the student's grade.

Proof of immunization against meningococcal disease is required for students in grades 6 and 12. A diabetes screening must be included as part of the health exam (though diabetes testing is not required). Students between the age of one and seven must provide a statement from a physician assuring that the student was "risk-assessed" or screened for lead poisoning. Beginning with the 2017-2018 school year, an age-appropriate developmental screening and an age-appropriate social and emotional screening are required parts of each health examination.

Failure to comply with the above requirements by October 15 of the current school year will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. A student will not be excluded from school due to his or her parent/guardian's failure to obtain a developmental screening or a social and emotional screening.

New students who register mid-term have 30 days following registration to comply with the health examination and immunization requirements. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

Social & Emotional Wellness

Student social and emotional development shall be incorporated in the District's educational program and shall be consistent with the social and emotional development standards contained in the Illinois Learning Standards. The objectives for addressing the needs of students for social and emotional development through the educational programs are to:

1. Enhance students' school readiness, academic success and use of good citizenship skills.
2. Foster a safe, supportive learning environment where students feel respected and valued.
3. Teach social and emotional skills to all students.
4. Partner with families and the community to promote students' social and emotional development.

Student Medication

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for

the student to take medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a "School Medication Authorization Form."

No school or district employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure.

Self-Administration of Medication:

A student may possess and self-administer an epinephrine injector (e.g., EpiPen®) and/or an asthma inhaler or medication prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

Students who are diabetic may possess and self-administer diabetic testing supplies and insulin if authorized by the student's diabetes care plan, which must be on file with the school.

Students with epilepsy may possess and self-administer supplies, equipment and medication, if authorized by the student's seizure action plan, which must be on file with the school.

Students may self-administer (but not possess on their person) other medications required under a qualified plan, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

The school district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan. A student's parent/guardian must indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan.

Administration of Medical Cannabis:

In accordance with the Compassionate Use of Medical Cannabis Program, qualifying students are allowed to utilize medical cannabis infused products while at school and school events. Please contact the building principal for additional information. Discipline of a student for being administered a product by a designated caregiver pursuant to this procedure is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

Undesignated Medications:

The school may maintain the following undesignated prescription medications for emergency use: (1) Asthma medication; (2) Epinephrine injectors; (3) Opioid antagonists; and (4) Glucagon. No one, including without limitation, parents/guardians of students, should rely on the school or district for the availability of undesignated medication. This procedure does not guarantee the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medication(s). In such emergency situations, parents/guardians will be notified.

Emergency Aid to Students:

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

Students with Food Allergies

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations, and state rules.

If your student has a life-threatening allergy or chronic illness, please notify the building administrator or nurse. Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan may be developed and implemented to provide the needed supports so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and/or chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

Care of Student with Diabetes

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the school principal. Parents/guardians are responsible for this and must:

- *Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.
- *Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.
- *Sign the Diabetes Care Plan.
- *Grant consent for and authorize designated school district representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

Prevention of Anaphylaxis

While it is not possible for the School or District to completely eliminate the risks of an anaphylactic emergency, the District maintains a comprehensive policy on anaphylaxis prevention, response, and management in order to reduce these risks and provide accommodations and proper treatment for anaphylactic reactions. Parent(s)/guardian(s) and students who desire more information or who want a copy of the District's policy may contact the Building Principal.

Athletics & Extra-Curricular Activities

Participation in extracurriculars is a privilege. Those who participate in extra-curricular activities have a responsibility to favorably represent the school and community. Students are expected to conduct themselves both in and out of school in a manner appropriate to their responsibilities as representatives of the school and district. Refer to the **OWNERSHIP IN EDUCATION HANDBOOK** for further information.

Students may modify their athletic or team uniform for the purpose of modesty in clothing or attire that is in accordance with the requirements of the student's religion or the student's cultural values or modesty preferences.

Absence from School on Day of Activity

A student who is absent from school on the day of an activity is ineligible for any activity on that day unless the absence has been approved in writing by the principal. Exceptions may be made by the coach: 1) for a medical absence pre-arranged with the coach or 2) for a death in the student's family. An athlete who is truant or who has been suspended from school may be suspended from participation in athletic activities by administration.

An athlete who is absent from school on a Friday before a Saturday event may be withheld from Saturday activities at the sole discretion of the coach.

Concussions and Head Injuries

Student athletes must comply with Illinois' Youth Sports Concussion Safety Act and all protocols, policies and bylaws of the Illinois High School Association before being allowed to participate in any athletic activity, including practice or competition.

A student athlete who exhibits signs, symptoms, or behaviors consistent with a concussion in a practice or game will be removed from participation or competition at that time. A student athlete who has been removed from an interscholastic contest for a possible concussion or head injury may not return to that contest unless cleared to do so by a physician licensed to practice medicine in all its branches in Illinois or a certified athletic trainer. If not cleared to return to that contest, a student athlete may not return to play or practice until the student athlete has provided his or her school with written clearance from a physician licensed to practice medicine in all its branches in Illinois or a certified athletic trainer working in conjunction with a physician licensed to practice medicine in all its branches in Illinois. A student who was removed from practice or competition because of a suspected concussion shall be allowed to return only after all statutory prerequisites are completed, including without limitation, the School District's return-to-play and return-to-learn protocols.

Travel

All athletes shall travel to athletic events and return home from athletic events with the team on which the athlete competes by use of school approved means of transportation. A written waiver of this rule may be issued by a coach or administrator upon advance written request of an athlete's parent or guardian and provided the parent or guardian appears and accepts custody of the athlete. In no case shall a waiver be issued unless the alternate means of transportation anticipated by the waiver will be provided by the parent. Oral requests shall not be honored, and oral permissions shall not be valid.

Any student athlete found to be in violation of this policy shall be subject to discipline in accordance with the school district's athletic discipline policies, rules and regulations as provided herein.

Special Programs

Accommodating Individuals with Disabilities

Individuals with disabilities will be provided an opportunity to participate in all school sponsored services, programs or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program or meeting. The parent/guardian of a student receiving special education services, or being evaluated for eligibility, is afforded reasonable access to educational facilities, personnel, classrooms, and buildings. The same right of access is afforded to an independent educational evaluator or a qualified professional retained by or on behalf of a parent or child.

Behavioral Interventions

Behavioral interventions shall be used with students with disabilities to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors. The School Board will establish and maintain a committee to develop, implement, and monitor procedures on the use of behavioral interventions for children with disabilities.

Discipline of Special Education Students

The District shall comply with individuals with Disabilities Education Improvement Act of 2004 and the Illinois State Board of Education rules when disciplining special education students. No special education student shall be expelled if the student's particular act of gross disobedience or misconduct is a manifestation of his or her disability.

Isolated Time Out, Time Out, and Physical Restraint

Isolated time out, time out, and physical restraint shall only be used if the student's behavior presents an imminent danger of serious physical harm to the student or others, and other less restrictive and intrusive measures were tried and proven ineffective in stopping it. The school may not use isolated time out, time out, or physical restraint as discipline or punishment, convenience for staff, retaliation, as a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others. The use of prone restraint is prohibited.

Education of Children with Disabilities

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act are identified, evaluated and provided with appropriate educational services.

The School provides a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the school. The term “children with disabilities” means children between ages 3 and the day before their 22nd birthday for whom it is determined that special education services are needed. It is the intent of the school to ensure that students with disabilities are identified, evaluated, and provided with appropriate educational services.

A copy of the publication “Explanation of Procedural Safeguards Available to Parents of Students with Disabilities” may be obtained from the school district office.

Students with disabilities who do not qualify for an individualized education program, as required by the federal Individuals with Disabilities Education Act and implementing provisions of this Illinois law, may qualify for services under Section 504 of the federal Rehabilitation Act of 1973 if the student (i) has a physical or mental impairment that substantially limits one or more major life activities, (ii) has a record of a physical or mental impairment, or (iii) is regarded as having a physical or mental impairment.

For further information, please contact: Stacie Sollars, 217-444-3201 / Principal, Mark Denman Elementary School

Response to Intervention (RtI)/Multi-Tiered System of Support (MTSS)

Through RtI, we provide high-quality classroom instruction to all students. We assess all students and provide tiered instruction and interventions matched to individual student needs. Through ongoing assessment, student progress is continually monitored.

Family involvement in this process helps to enhance student outcomes. RtI is an opportunity to bring about meaningful change in family-school relationships, allowing for engaged partnerships between educators and families through collaborative, structured problem-solving.

Positive Behavior Interventions and Supports (PBIS)

The Positive Behavior Interventions and Supports (PBIS) program is an effort to help students build a positive attitude, develop strong character skills and to continue to expand on the skills necessary to become productive citizens. Students are taught and asked to adhere to these expectations: **We are safe. We are kind. We are responsible.** The PBIS program is an extension of our efforts to provide students with a positive environment in which to learn and succeed. Visit the PBIS section in our monthly newsletter for on-going communication and information regarding PBIS at our school.

General Information

Agenda Books/Daily Communication

Students in grades 3-4 will receive an agenda book at the beginning of the school year to assist with organizational skills. Parents are asked to review and sign-off on student agendas daily. Students in grades K-2 will receive a folder at the beginning of the school year to assist with organizational skills. Parents are asked to check the folder daily and return any forms or notes to school in the folder.

Accidents

Every accident in the school building, on the school campus, at practice sessions, or at any athletic event sponsored by the school must be reported immediately to the person in charge and to the principal's office.

Bicycles

Students who ride bicycles to school must park them in the racks provided. Students are required to walk bicycles to and from the racks while on school property. The school will assume no responsibility for the safety of your bicycles. All bicycles should be locked to deter theft.

Birth Certificates

State law requires that parents must furnish the school district with a **certified copy** of their child's birth certificate. This can be obtained from the Records office of the Vermilion County Courthouse. If your child was born outside Vermilion County, you will need to contact the Vital Records Office of the county where your child was born. The school will photocopy the birth certificate for our new records and return the original to the parents. This law became effective January 1, 1987 and applies to all students who are new to District 118 schools.

Birthday Parties

Our goal is to promote healthy lifestyle principles, replacing unhealthy food offerings with healthy ones. Treats for class celebrations must be store-bought in pre-packaged containers. Designated dates, one per month, will be given to celebrate birthdays for that month. All families will be provided information regarding celebration dates, healthy snacks, and non-food alternatives for celebrations. Due to allergies, balloons are not allowed in the building. **Please note: All food items must be store bought and still in closed containers. We ask that invitations for home birthday parties not be distributed at school.**

Bus Transportation

The district provides bus transportation to and from school for all students living 1.5 miles or more from the school. A list of bus stops will be published at the beginning of the school year before student registration. Parents will be assigned a bus stop at the beginning of the school year at which a student is to be picked up and dropped off. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the principal.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building principal.

Parents will be informed of any and all inappropriate student behavior on a bus. Parents are encouraged to discuss bus safety and appropriate behavior with their children before the beginning of the school year and regularly during the year.

Students may be suspended from riding the school bus for up to 10 consecutive school days for engaging in gross disobedience or misconduct. If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the school board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The district's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

Video and audio cameras may be active on buses to record student conduct and may be used for the purposes of investigating misconduct or accidents on the bus. (School Board Policy 7:220)

For questions regarding school transportation issues, contact the Associate Superintendent of Danville District 118 at (217)444-1023.

Change of Clothes

Each kindergarten and first grade student is asked to have a complete change of clothes to keep in the classroom (underwear, socks, pants/shorts, shirt). They are to be sent in a plastic bag, clearly labeled with your child's name. When your child's school clothes become soiled due to illness, mud puddles, spilled milk, etc., your daily schedule will not have to be interrupted to bring a change of clothes. The soiled clothes will be sent home in a plastic bag. When this happens, please send another outfit to school the next day.

Custody/Arrangements

If you have any legal custody/divorce settlement information that the office should be aware of regarding your child(ren), please be sure to let us know verbally and in writing. It is extremely important that the school knows if a student is not to be released to a specific person. Please bring this information to our attention each year as situations change.

Parents who are separated, but not legally divorced, are advised that the school finds itself in a difficult position when determining who should be allowed to remove the child from the school premises. Unless there is assigned custody or other court papers indicating that one parent cannot have access to their child, the school will release the child to either parent.

Electronic Equipment

Students are **NOT** to bring any of the following equipment to school (CD/MP3 players, radios, earphones, pagers, cell phones, gaming devices, etc.) Please make sure your child leaves these items at home. In addition, please discourage your child from bringing toys and possessions to school. Invariably, an item is lost, and the school is not able to replace lost possessions. Please help us avoid such occurrences.

Field Trips

Field trips are a privilege for students. Students must abide by all school policies during transportation and during field trip activities and shall treat all field trip locations as though they are school grounds. Students who fail to abide by school rules and/or location rules during a field trip may be subject to discipline.

All students who wish to attend a field trip must receive written permission from a parent or guardian with authority to give permission. Students may be prohibited from attending field trips for any of the following reasons:

- Failure to receive appropriate permission from parent/guardian or teacher.
- Failure to complete appropriate coursework.
- Behavioral
- Reasons as determined by the school.

Classroom teachers are not required to dispense medication on field trips. If your child must receive medication during the school day and you cannot accompany them on the field trip, please contact the principal to see what alternate arrangements can be made.

Instructional Materials

A student's parent/guardian may inspect, upon their request, any instructional material used as part of their child's educational curriculum within a reasonable time of their request.

The school will provide not less than 5 days' written notice to parents/guardians of students in kindergarten through 8th grade before commencing any class or course providing instruction in recognizing and avoiding sexual abuse to afford the parents/guardians an opportunity to submit a written objection to their child's participation.

MATS (Motivating Academically Talented Students)

The MATS Program serves identified gifted children in grades 2-12. All students are screened for identification. Students who exhibit a score of 90% or higher in reading or math on the ITBS, and score 120 or higher on any area of the CogAT are further screened. The scores from a teacher inventory and the Naglieri Nonverbal Ability Test are submitted to a committee of district administrators for final selection of participating students. The final selection committee is composed of the Gifted Coordinator and the administrators of the buildings who host the self-contained gifted programs. Parents have the right to appeal the decisions to the Gifted Coordinator. The grades 2-4 program is held at Mark Denman. The grades 5-6 program is held at Southview Upper Elementary, with grade 7-8 at Northridge. At the High School, MATS classes are called Honors courses.

Notes Required

The school requires notification from parents or guardians for:

1. Absence (call or send a note)
2. Tardiness (call or send a note)
3. Requests for special or early dismissal (call or send note by 2:00 p.m.)
4. In reply to notices of unsatisfactory work
5. Field trips

Parking

The school has a location(s) available for school visitor parking. Those dropping off and picking up children may do so in the parking lot(s) available during school hours. Vehicles may not be parked or located in the bus lanes or fire lanes at **any time**. Bus lanes and fire lanes are clearly marked. Vehicles located in these locations may be ticketed and/or towed by the police.

Parent/Teacher Conferences

Parent-teacher conferences are scheduled two times per year for every student. We urge you to make every effort to attend conferences. We find that regular communication between teacher and parent benefits the student in many ways. Additional parent conferences may be requested at any time during the school year.

2023-2024 Parent/Teacher Conference Dates:

Fall – November 1 & 2

Spring – April 9 & 11

Patrols

Safety patrol crossing guards are assigned posts from 7:25 – 7:45 a.m. and again from 2:00 – 2:15 p.m. Students should not cross the streets without a crossing guard's direction and should only do so at specified corners.

Pledge of Allegiance

Students who choose not to recite the pledge may remain silent but should in no way disrupt those who wish to participate.

Recess

Recess is scheduled daily for a total of 30 minutes for all students. We do not go outside if it is raining or if the temperature is 20 degrees Fahrenheit or below. Children who have been ill must have a note from their parents requesting that they not go outside. If children are to stay in from recess for more than three consecutive days, a doctor's note is required.

Registration/Residency

Families of registered students of Danville District No. 118 must provide proper documentation to prove residency within district boundaries. Required documentation can be found on the Danville District No. 118 website.

School Volunteers

All school volunteers must have a background check completed and be approved by the principal prior to assisting in the school. Teachers who desire parent volunteers will notify parents. For school-wide volunteer opportunities, please contact the building principal.

Search and Seizure

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

Student Searches

School authorities may search a student and/or the student's personal effects in the student's possession (such as purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will

produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates the school's disciplinary rules or school district policy. During the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website.

Questioning of Students Suspected of Committing Criminal Activity

Before a law enforcement officer, school resource officer, or other school security person detains and questions on school grounds a student under 18 years of age who is suspected of committing a criminal act, the building principal or designee will: (a) Notify or attempt to notify the student's parent/guardian and document the time and manner in writing; (b) Make reasonable efforts to ensure the student's parent/guardian is present during questioning or, if they are not present, ensure that a school employee (including, but not limited to, a social worker, psychologist, nurse, guidance counselor, or any other mental health professional) is present during the questioning; and (c) If practicable, make reasonable efforts to ensure that a law enforcement officer trained in promoting safe interactions and communications with youth is present during the questioning.

Student Emergency Form

At the beginning of each school year, all parents/guardians must fill out a Student Emergency Form for each of their children enrolled in school. Situations may arise that make it necessary for the school to contact a student's parent(s) or guardian(s), i.e. illness, injury, special recognition, or other problems that may arise. Please contact the office with any changes in telephone numbers (both home and work), addresses, emergency contact, and other similar information.

Student Records

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings (including electronic recordings made on school busses) that are created in part for law enforcement, security, or safety reasons or purposes, though such electronic recordings may become a student record if the content is used for disciplinary or special education purposes regarding a particular student.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records. They are:

1. **The right to inspect and copy the student's education records within 10 school days of the day the District receives a request for access.**

The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. Within 10 business days, the building principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. In certain circumstances, the District may request an additional 5 business days in which to grant access. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost.

These rights are denied to any person against whom an order of protection has been entered concerning the student.

2. **The right to have one or more scores received on college entrance examinations included on the student's academic transcript. 1**

Parents/guardians or eligible students may have one or more scores on college entrance examinations included on the student's academic transcript. The District will include scores on college entrance examinations upon the written request of the parent/guardian or eligible student stating the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be included.

3. **The right to request the amendment of the student's education records that the parent/ guardian or eligible student believes are inaccurate, irrelevant, or improper.**

A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought.

If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

4. **The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.**

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

5. **The right to a copy of any school student record proposed to be destroyed or deleted.**

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.

6. **The right to prohibit the release of directory information.**

Throughout the school year, the District may release directory information regarding students, limited to:

Name
Address
Gender

Grade level
Birth date and place
Parent/guardian names, addresses, electronic mail addresses, and telephone numbers
Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs
Academic awards, degrees, and honors
Information in relation to school sponsored activities, organizations, and athletics
Major field of study
Period of attendance in school

Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the building principal within 30 days of the date of this notice.

7. **The right to request that military recruiters or institutions of higher learning not be granted access to your student's information without your prior written consent.**¹

Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students' names, addresses, and telephone numbers, unless the parent/guardian, or student who is 18 years of age or older, request that the information not be disclosed without prior written consent. If you wish to exercise this option, notify the building principal.

8. **The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under State law.**
9. **The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.**

The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington DC 20202-4605

10. **Parents and eligible students may request removal of college entrance exams from the student's academic transcript.**
11. **Notice must be provided to students and parents/guardians of any other policies related to school student records, including any policy related to the collection of biometric information.**

Surveys

All surveys requesting personal information from students, as well as any other instrument used to collect personal information from students, must advance or relate to the District's educational objectives, or assist students' career choices. This applies to all surveys, regardless of whether the student answering the questions can be identified or who created the survey.

Surveys by Third Parties

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent/guardian may inspect the survey or evaluation, upon their request and within a reasonable time of their request. This applies to every survey: (1) that is created by a person or entity other than a district official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

¹ This section is only applicable to high schools.

Parents who object to disclosure of information concerning their child to a third party may do so in writing to the building principal.

Surveys Requesting Personal Information

School officials and staff members will not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the school or district) containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student's parent/guardian.
2. Mental or psychological problems of the student or the student's family.
3. Behavior or attitudes about sex.
4. Illegal, anti-social, self-incriminating, or demeaning behavior.
5. Critical appraisals of other individuals with whom students have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.
7. Religious practices, affiliations, or beliefs of the student or the student's parent/guardian.
8. Income other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program.

The student's parent/guardian may: (1) inspect the survey or evaluation upon, and within a reasonable time of, their request, and/or (2) refuse to allow their child to participate in the survey. The school will not penalize any student whose parent/guardian exercised this option.

Teacher Qualifications

Parents may request information about the qualifications of their child's teachers and paraprofessionals, including:

- Whether the teacher has met State certification requirements.
- Whether the teacher is teaching under an emergency permit or other provisional status by which State licensing criteria have been waived.
- The teacher's college major.
- Whether the teacher has any advanced degrees and, if so, the subject of the degrees; and
- Whether any instructional aides or paraprofessionals provide services to your child and, if so, their qualifications.

If you would like to receive any of this information, please contact the school office.

Telephone

Students will be allowed to use the office telephone for *emergency* use only. The use of the phone in the office is a privilege. It should be used only when absolutely necessary. The phone is NOT for routine calls caused by a lack of planning or irresponsibility on the part of the student.

Visitors

Any visiting individual must provide identification and reason for visiting the building. All visitors must check-in with the office upon arrival. Using Raptor Technology, visitors will have their identification scanned and assessed prior to entering the school.

Laws, Notices, Policies and Forms

Accommodating Individuals with Disabilities

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

Animals on School Property

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principals in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

Asbestos Management

The E.P.A. is conducting inspections in school districts statewide to determine if they are in compliance with the federal rules and regulations promulgated under the Asbestos Hazard Emergency Response Act.

Emergency School Closings

In cases of severe weather and other local emergencies, please listen to local radio stations or view local television channels to be advised of school closings or early dismissals. We will also contact you by phone through our Alert Now Notification System. Make sure you keep your contact information current with the school office to receive these messages. If we dismiss early for an emergency or poor weather conditions, after-school functions may be canceled.

Equal Opportunity and Sex Equity

Equal educational and extracurricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religious beliefs, physical or mental disability, status as homeless, or actual or potential marital or parental status, including pregnancy.

No student shall, based on sex or sexual orientation, be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

Any student or parent/guardian with a sex equity or equal opportunity concern should contact Assistant Superintendent Mr. John Hart, 110 E. Williams Street, Danville, Illinois 61832, Telephone (217)444-1023.

Suicide and Depression Awareness and Prevention

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of the school district.

The school district maintains student and parent resources on suicide and depression awareness and prevention. Much of this information, including a copy of the school district's policy, is posted on the school district website. Information can also be obtained from the school office. Threat Assessment Procedure

In the event of a threat, administration and other designated staff members will follow Danville District No. 118 protocols to assess the threat properly.

Transportation Reimbursement Eligibility and Dispute Resolution

Video and Audio Monitoring Systems

A video and/or audio monitoring system may be in use on school buses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

Annual Notice to Parents about Educational Technology: Vendors Under the Student Online Personal Protection Act 4

School districts throughout the State of Illinois contract with different educational technology vendors for beneficial K-12 purposes such as providing personalized learning and innovative educational technologies and increasing efficiency in school operations.

Under Illinois' Student Online Personal Protection Act, or SOPPA (105 ILCS 85/), educational technology vendors and other entities that operate Internet websites, online services, online applications, or mobile applications that are designed, marketed, and primarily used for K-12 school purposes are referred to in SOPPA as operators. SOPPA is intended to ensure that student data collected by operators is protected, and it requires those vendors, as well as school districts and the Ill. State Board of Education, to take a number of actions to protect online student data.

Depending upon the particular educational technology being used, our District may need to collect different types of student data, which is then shared with educational technology vendors through their online sites, services, and/or applications. Under SOPPA, educational technology vendors are prohibited from selling or renting a student's information or from engaging in targeted advertising using a student's information. Such vendors may only disclose student data for K-12 school purposes and other limited purposes permitted under the law.

In general terms, the types of student data that may be collected and shared include personally identifiable information (PII) about students or information that can be linked to PII about students, such as:

- Basic identifying information, including student or parent/guardian name and student or parent/guardian contact information, username/password, student ID number
- Demographic information
- Enrollment information
- Assessment data, grades, and transcripts
- Attendance and class schedule
- Academic/extracurricular activities
- Special indicators (e.g., disability information, English language learner, free/reduced meals or homeless/foster care status)
- Conduct/behavioral data
- Health information
- Food purchases
- Transportation information
- In-application performance data
- Student-generated work
- Online communications
- Application metadata and application use statistics
- Permanent and temporary school student record information

Operators may collect and use student data only for K-12 purposes, which are purposes that aid in the administration of school activities, such as:

- Instruction in the classroom or at home (including remote learning)
- Administrative activities
- Collaboration between students, school personnel, and/or parents/guardians
- Other activities that are for the use and benefit of the school district

4 USE THE SAMPLE TEXT BELOW TO PROVIDE NOTICE TO PARENTS/GUARDIANS ABOUT EDUCATIONAL TECHNOLOGY VENDORS PURSUANT TO THE STUDENT ONLINE PERSONAL PROTECTION ACT, 105 ILCS 85/28(e), ADDED BY P.A. 101-516, EFF. 7-1-21. BEGINNING WITH THE 2021-2022 SCHOOL YEAR, SCHOOL DISTRICTS MUST PROVIDE THIS NOTICE TO PARENTS/GUARDIANS AT THE BEGINNING OF EACH SCHOOL YEAR THROUGH DISTRIBUTION OF SCHOOL HANDBOOKS OR OTHER MEANS GENERALLY USED BY A DISTRICT TO PROVIDE SUCH NOTICES TO PARENTS/GUARDIANS.

School Operations During a Pandemic or Other Health Emergency

A pandemic is a global outbreak of disease. Pandemics happen when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads sustainably. Your child's school and district play an essential role, along with the local health department and emergency management agencies, in protecting the public's health and safety during a pandemic or other health emergency.

During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that impact your child. Please be assured that even if school is not physically in session, it is the goal of the school and district to provide your child with the best educational opportunities possible.

Additionally, please note the following:

1. All decisions regarding changes to the school environment and schedule, including a possible interruption of in-person learning, will be made by the superintendent in consultation with and, if necessary, at the direction of the Governor, Illinois Department of Public Health, local health department, emergency management agencies, and/or Regional Office of Education.
2. Available learning opportunities may include remote and/or blended learning. Blended learning may require your child to attend school on a modified schedule.
3. Students will be expected to participate in blended and remote instruction as required by the school and district. Parents are responsible for assuring the participation of their child. Students who do not participate in blended or remote learning will be considered truant.
4. All school disciplinary rules remain in effect during the interruption of in-person learning. Students are subject to discipline for disrupting the remote learning environment to the same extent that discipline would be imposed for disruption of the traditional classroom.
5. Students and parents will be required to observe all public health and safety measures implemented by the school and district in conjunction with state and local requirements.
6. During a pandemic or other health emergency, the school and district will ensure that educational opportunities are available to all students.
7. School personnel will work closely with students with disabilities and other vulnerable student populations to minimize the impact of any educational disruption.
8. Students who have a compromised immune system, live with an individual with a compromised immune system, or have a medical condition that may impact their ability to attend school during a pandemic or other public health emergency should contact school officials.
9. During a pandemic or other health emergency, teachers and school staff will receive additional training on health and safety measures.
10. In accordance with school district or state mandates, the school may need to conduct a daily health assessment of your child. Parents and students will be notified of the exact assessment procedures if this becomes necessary.
11. Parents should not send their child to school if their child exhibits any symptoms consistent with the pandemic or other health emergency.
12. Please do not hesitate to contact school or district officials if you have any concerns regarding your child's education, health or safety.

Emergency Information

Emergency Plans and Drills

Our school has specific building plans for a variety of emergency situations, and these are reviewed and practiced with students at the beginning of the school year and periodically throughout the year. A copy of our Critical Incidence manual may be viewed in the school office.

Safety drills will occur at times established by the school board. Students are required to be silent and shall comply with the directives of school officials during emergency drills. There will be a minimum of three (3) evacuation drills, a minimum of

one (1) severe weather (shelter-in-place) drill, a minimum of one (1) law enforcement lockdown drill to address a school shooting incident, and a minimum of one (1) bus evacuation drill each school year. There may be other drills at the direction of the administration. The law enforcement lockdown drill will be announced in advance and a student's parent/guardian may elect to exclude their child from participating in this drill. All other drills will not be preceded by a warning to students.

Evacuation Sites

If students need to vacate the school premises, students and staff will walk to the Boys & Girls Club located at 850 North Griffin Street. Parents are asked to not come to the school if an emergency should arise. In order for us to ensure the safety of all students, we need them to be transported to the evacuation site. It will be from the evacuation site that we contact parents/guardians.

School Violence Tip-Line

The Illinois State Police will administer the School Violence Tip-Line which will provide a means for students to report threats of violence and weapon violations on school grounds.

The statewide toll-free number, **1-800-477-0024**, will be physically answered at the ISP Communications Center in Springfield. This is an anonymous phone line.

State police employees who will forward the information to the local sheriff or police department and the appropriate ISP district will answer calls. The local law enforcement agency will be responsible for notifying the school at which the violent act is supposed to occur. If the school is not in their community, they will ensure that the proper law enforcement agency and school are notified immediately.

The Tip-Line is an option in those cases when the caller fears reprisal or if the caller is considering committing acts of violence and is unwilling to sacrifice anonymity.

Student Dress Code

District 118 Student Dress Code

Danville School District 118 expects a standard in behavior, dress, grooming, and appearance that reflects pride in self, home, and school. The Board of Education prohibits student dress and grooming which interferes with appropriate discipline in the operation of District schools, interferes with the rights of others, or is vulgar, indecent, obscene or insulting. The Board also prohibits dress or grooming that conveys any message that promotes or encourages behavior that is inconsistent with the basic educational message of the District, such as tobacco, alcohol or illegal drug use, physical or sexual violence, or gang affiliation; depicts hate speech based on race, ethnicity, gender, sexual orientation, gender identity, religious affiliation, or any other protected groups; or is contrary to accepted social standards in the community.

This standard for dress was adopted to improve the learning environment, to reduce classroom distractions, to increase students' self-respect and self-esteem, to improve school spirit, and to enhance the District's image within the community.

It is the responsibility of parents to see that their student(s) follow the guidelines established in this dress code. If a student does not follow the guidelines, he/she may be asked to change the item of clothing at school, a parent may be notified and asked to bring a change of clothing to school, or the student may be sent home to change clothes. Parents are expected to update their contact information on a regular basis.

These guidelines are examples of acceptable and unacceptable clothing in District 118 schools. They are not an all-inclusive list. Some of the examples are very clear; others leave room for interpretation. If a parent has a question about any of the guidelines, he or she should contact the building administrator(s) to avoid any misunderstandings and the hard feelings that may result. If there is a question of safety or decency, a decision by the building administrator(s) will be final. Repeated offenses may be considered insubordination and the student may be suspended from school.

Exemptions

Bona Fide Religious

The parent or legal guardian of a student (or a student who is 18 years of age or older) may object on religious grounds to the student's compliance with any portion of this dress code policy. In order to object, the parent or legal guardian (or student who is 18 years of age or older) shall submit a written statement which responds to the following questions:

1. For which part of the policy are you requesting an exemption?
2. What is the basis for the request for religious exemption?
3. What religious teaching, religious belief or religious practice prohibits compliance with this dress code?

In addition, all written objections must be accompanied by a signed statement of a religious official (such as minister, rabbi, imam, or other) or other person who can verify the good faith basis of the request. The principal or his/her designee shall review all objections. Students with legitimate religious objections shall not be required to comply with those portions of this policy which conflict with such good faith, religious requirements.

A religious exemption to the Uniform Standard of Dress policy only shall be granted if the requirements herein are completed in totality and the religious exemption can be verified by a bona fide religious leader. All other applications for religious exemption shall be denied.

Such exceptions or accommodations will be made on a case by case basis and in a manner which maintains the integrity of the purpose of the standard of dress. The Board of Education reserves the right to modify this policy when deemed necessary.
