

FALCON FLYER

What a great start to the new school year!

We started our school year “under construction” and are really excited about the new physical changes to our building. We have some new staff members and a group of great students too! The crew from English Brothers and all of the sub contractors are working while we are learning. Parking is a challenge, but everyone is making it work. Our new building entrance is working very well and we are settling into our new “temporary” office space.

Fun First Days

We welcomed sixth graders to their new classrooms this year as we moved the building around a little bit. Our second graders showed off some new shades. A special tomato worm made an appearance in our kindergarten class. Love those smiles!

Kindergarten Crew

Please welcome Mrs. Poulson and Mrs. Wagner, our new kindergarten teachers. They have both had a wonderful first few weeks of school and we are happy they are here with us at Northeast!
